

Some of the things that Year 4 like best about our school are...

Our brilliant ICT suite.

It's good to be able to play a lot of sport like football and rugby.

We are able to go on exciting school trips.

Sports Day is well organised and fun.

The school is good at rewarding us, like the Citizen of the Week.

We have really nice adults in our school.

The field is fun to play on.

I think our school is good for learning.

We have good cleaners that keep our school clean.

Good After School Club.

People in my class encourage me.

Year 4

Some of the things that Year 4 would most like to change ...

- It would be good to have a tuck shop where we can buy things.
- More time in the ICT suite would be good.
- The hall is too noisy.
- Some more long skipping ropes in the playground.
- A swimming pool on the field.
- Make all the children kind to each other and stop bullies forever.
- We want more time to play football.
- The dinner ladies to listen more to what the children say.
- The walls in the school could be painted brighter.
- More playground equipment so that everyone isn't using it at once.
- Everyone has a turn sitting on the benches in assembly.
- Computers on each desk.

What do you think?
