

Some of the things that Year 5 like best about our school are...

It's good to have a school council to help change things in our school.

The ICT suite is excellent.

Girls are allowed to play football as well as the boys.

Our school is safe and we are well protected.

The topics that we learn are good fun!

I like learning to play the clarinet.

Teachers are good at helping us with our work, and really make you understand it.

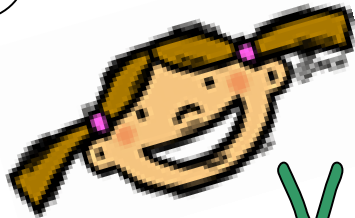

Having basketball hoops on the playground is good.

School meals are great.

Children let me join in with their games.

We have hard maths and I enjoy mental maths.

Year 5

Some of the things that Year 5 would most like to change ...

- We should be allowed to have balls on the playground and more goals on the field.
- It would be good to have a climbing frame in the hall again.
- Less Homework.
- More homework.
- Tidier cloakrooms and lockers to put our things in.
- Some children can say unkind things.
- Children should be cleaner in the toilets.
- A bigger hall.
- Smoothies at playtime.
- More chances to do cooking.
- More school trips.
- Different coloured uniform.

What do you think?
